

Dear Goddard School Family,

We are excited to announce we will be transitioning to Lunch Direct for school lunch orders beginning in March!

This change will go into effect Monday, March 4th (meaning that you will soon be able to order on the new site for lunches delivered March 4th). The food will continue to be the same fresh + nutritious options, with an even better ordering experience for families!

What changes can you expect?

1. Families will be able to manage their orders in an easy-to-read calendar format
2. We will be able to extend the weekly ordering deadline to Thursdays at midnight weekly. Plus, there will be a "late order" window until Friday at midnight.
3. Many families have benefitted from our current weekly subscription offering, and Lunch Direct will be offering a subscription option within the first few weeks of March.

What do you need to do?

1. **Set Up Your Lunch Direct Account:** By Friday 2/23, you will receive information for setting up your Lunch Direct account. For those of you that have previously used Lunch Direct, your login info will be the same as before.

Please note: Orders fulfilled the week of February 26th will run through our current ordering system.
